[EA Alt Array 08-2-2011.pdf](#)

Hi All,

Below is the informaiton Mark Gowdy sent me after our July meeting. I read through it and there isn't much information about the SWRCB's reduced flow alternative except that they recommend evaluating allocating 1.5 MAF/yr to Delta aquatic resources (outflow) as part of alternative four (as described in EA Alt Array 08-2-2011.pdf.

It would be great to talk with Les G. about their discussions with DWR. Maybe I can set up a follow-up meeting with Mark Gowdy and Erin Ragazzi. Les is back so maybe he can tell us more?

Subject: Resending: Contact Information from Yesterday's BDCP Meeting  
(See attached file: 4-19-11 comment letter\_Tom Howard.pdf)  
(See attached file: NCWA Final Response.PDF)

(See attached file: Final SJRGA Response.PDF)

My first email got bounced by some of your servers. I downsized the scans and am resending. Sorry for any confusion:

All,

As we discussed yesterday, State Board staff has started coordinating with BDCP staff to get modeling and other analysis we'll need for development of new outflow objectives. Attached is our initial request, and some further correspondence clarifying our intent to two groups of concerned stakeholders.

It was an interesting and informative meeting yesterday. Let me know if you have any questions on the attached.

- Mark

Hello All-

Thank you all for attending yesterday's meeting on the Bay Delta Conservation Plan (BDCP) and the associated Delta Conveyance Project. Attached is a sign-in sheet from yesterday's meeting. Hopefully, Erin F. can use this to send the followup information we discussed yesterday (i.e., DWR contacts, draft MOU, etc.).

Erin R.
